to the student...

high school will be the passing of a generation of ideas and concepts which give promise to the future; and studies which enhance the realities of today. Reflected within the student's life are the many moods surrounding school spirit; enthusiasm, achievement and pride. This is a generation of classes and causes, in which the student each day builds a new experience, with victories rising above defeats and thoughts going beyond words—Our campus is only buildings but our school is students. It is to this generation of students that the 1966 staff dedicates the COBRE CHIEFTAIN.

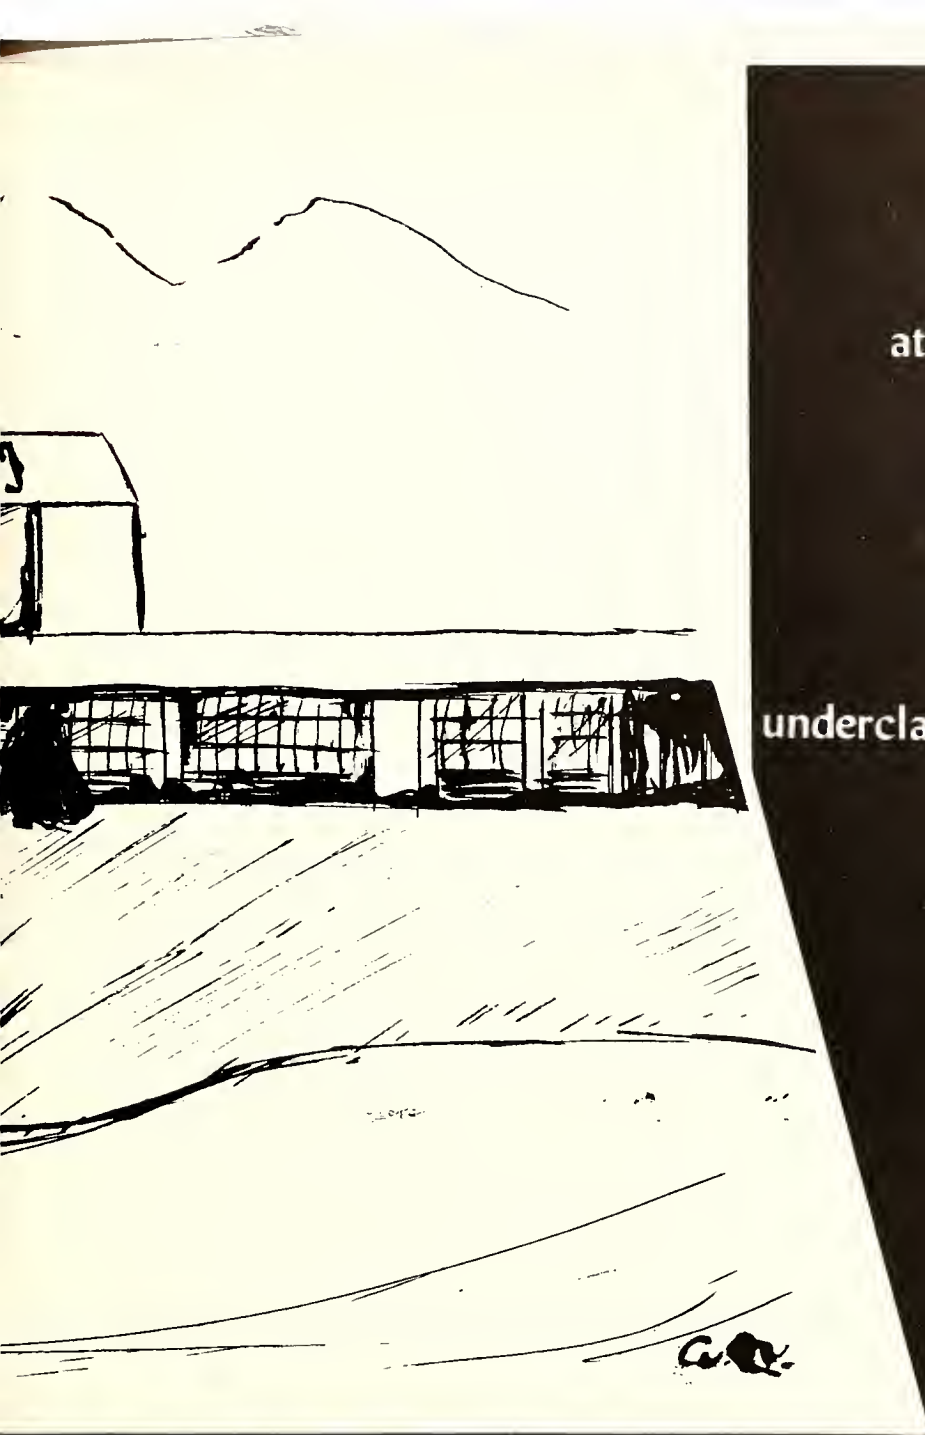

One generation passeth away, and another generation cometh; but the earth abideth forever . . . The sun also ariseth, and the sun goeth down, and hasteth to the place where he arose . . . The wind goeth toward the south, and turneth about unto the north; it whirl-eth about continually, and the wind returneth again according to his circuits . . . All the rivers run into the sea; yet the sea is not full; unto the place from whence the rivers come, thither they return again.

Cobre's tennis team this year consisted of nine boys most of whom were here last year. Because it is an individual sport rather than a team sport, skill and quick reflexes are required to make a good tennis player. This year's team was rather young posting a 1-8 record.

Led by Jay Wysang and Richard Garcia, the linksmen took part in various tournaments including the Clint Invitational and made Cobre a school to reckon with. Due to the depth and strength of the team it should prove to be in good shape for next season.

. . . . Swimming

Swimming was introduced to Cobre High this year. It was started during the second semester and was offered as a P.E. class rather than a school sport. The boys went to the pool the fifth six-weeks and the girls went the sixth six-weeks with a test given to see what each had learned. Next year, plans are for making swimming a full-fledged sport at C.H.S.

Homecoming '65

Weeks of preparation by Student Council and "C" Club made the Cobre High School Homecoming the most dominant feature of the football season. Student Council sponsored the selling of mums, the lighting of the "C", and a reunion for the classes of '35, '45, and '55.

"C" Clubs selection of the Homecoming Court highlighted the week of festivities. Before the football game was played with Lordsburg, the court, Linda Wysong, Teresa Castillo, Terry Wofford, and Sally Allen were driven around the field and escorted to a platform decorated in red and white.

Tears of joy filled Queen Linda's eyes as Ronnie Hickman, quarterback for the Indians, presented her with her crown and a bouquet of red roses. After the tied game, Homecoming was completed when the court was honored at a dance sponsored by "C" Club.

Voice Of Democracy Won By Celia Foy

DEMOCRACY is an ambiguous word, with a personal meaning for each and everyone of us, this right of personal definition is what true democracy means to me. We, as citizens of the United States, have the choice and opportunity to improve ourselves and others.

We have a heritage to uphold and strengthen and I think our generation has the capabilities to do just this.

Often called the leaders of tomorrow, we should be termed the leaders of today for it is now when our true character develops. Our parents and grandparents have set up a good educational system but we must use it properly. We should obtain all possible information on world affairs; we should set up a high code of morals for ourselves—try to realize that all men are created equal and erase any and all forms of discrimination. Then we must strive to help others see this as an effective way of preserving democracy. Once we become aware of what is a threat to our basic way of life, we can then combat it.

Once we understand the meaning of democracy, we can then choose whether to keep it or not. I know it shall live as long as citizens interested in our nation's welfare continue to participate and improve our present way of life.

Those who participated in the Voice of Democracy Contest were SEATED: Celia Foy, Gayle Dowding, and Donny Solas; STANDING: Socorro Ordonez, Judy Gonzales, Mike Simmons, Kay Martin, Salvador Estrada, and Lupe Torres.

They financed a trip to the State Track Meet at Portales for the first girls' track team to be organized at Cobre. SENIORS

SPONSORS: Mr. Larry Crandall, chairman; Mrs. Margaret Oliphant, Mrs. Mary Bray, Mr. Wayne Harnbaker.

As the memories of past years faded, Seniors anxiously looked forward to the events leading up to graduation. Senior portraits were taken during the first month, ACT tests were given to college bound students, Armed Forces and Betty Cracker tests were given and College Day was held providing an opportunity for many Seniors to plan their college education. The Seniors were then enveloped in plans for graduation. Seniors measured for caps and gowns, signed diploma lists, selected their guest speaker, and made last minute plans for graduation. In addition to these exclusive activities, the Senior Class was represented in all of the various school functions through out their last and successful year of high school.

A Time That Is To Come

Now that you are approaching the goal of your education, there is the feeling of achievement and a time to think and wonder what awaits you in a time that is to come.

For the graduate, the future holds the challenge of success, the challenge to demonstrate clearly the knowledge he has gained in years of schooling.

Kennecott's Chino Mines Division will always welcome the graduate into its personnel for positions made available by its ever-growing operations. These graduates are essential to Kennecott's future, for the ideas of young minds are Kennecott's best assurance of continued success in planning, research and development of operations. Perhaps you can become a part of Kennecott's Chino Mines Division, and help strengthen its position in the world of copper and other non-ferrous metals.

For the people of New Mexico, this holds the prospect of continued benefits from Kennecott, some of which will help support the state's educational system.

ADVERTISERS

Afterward...

The backbone of any yearbook is the support and enthusiasm of a loyal student body. The willingness and participation of Cobre's students and the interest shown by the faculty in our various activities were appreciated by our staff. Especially helpful during the last eight months of assembling the CHIEFTAIN was the good advice and welcome suggestions from our sponsor, Mrs. Catherine Smith.

Our 1966 CHIEFTAIN will be a direct reflection of what you, the Cobre students, have done to make this year a memorable one, as well as the support you have given us in the production of our yearbook.
